

## Instructions for the Branch Bud Book of Tack and Attire

1. Collect catalogs featuring horse equipment and Western and English clothing.
2. Review the various types of styles represented in equine events. Have the Branch Buds give examples that they are familiar with or have seen.
3. Have the Branch Buds cut out examples of tack and attire that fit into each category listed in the booklet. This can be done at a meeting or at home. If done at home, have members bring their examples to a meeting to be reviewed for correctness.
4. Branch Buds can then glue the appropriate pictures onto the corresponding pages.
