

Instructions for the Branch Bud Book of "Horse Keeping" Basics:

This booklet includes the basic items needed to maintain a horse or pony. The 4-H member may use catalogs, calendars, magazines, etc. to locate pictures of the various things that are listed. They could also draw a picture(s) if they are unable to locate a certain item in the material that they have. On the last page, Love and Attention, the Branch Bud can display a photograph of themselves with their horse or pony, or one that they are close to, or they could include a photograph of themselves and a picture of the kind of horse or pony that they would love to own. Another option is to draw a picture of themselves and their horse or pony, or one that they would love to own.
